MISSION STATEMENT

The Pennsylvania Board of Probation and Parole is committed to promoting public safety, utilizing sound decision making practices that include evidence-based approaches, employing effective methods to aid offenders in reentering society and to reduce recidivism, addressing the needs of crime victims, and improving county adult probation and parole services.

INTRODUCTION

The Pennsylvania Board of Probation and Parole is an independent State agency under the jurisdiction of the Governor of Pennsylvania. The Board's authority is found in Title 61 P.C.S. §§6102 *et seq*. A 1965 amendment (Act 501) significantly broadened the Board's powers and duties to include the administration of a Grant-In-Aid Program for the improvement of county adult probation and parole services, the establishment of statewide probation and parole personnel and program standards, the provision of training for county adult probation and parole personnel, and the collection, compilation, and publication of county probation and parole statistical information. Act 501 of 1965 also provides for an Advisory Committee on Probation to assist the Board in formulating and reviewing standards for probation personnel and program services for the counties.

The following County Adult Probation and Parole Statistical Report provides detailed information about county adult probation and parole offenders, personnel, and program services, which will serve as a resource for future program planning. All counts and rates are supplied by the counties and figures are shown as reported by the counties.

Additionally, Venango County supplied some figures, where applicable, and Venango County counts are included in the statewide totals where available. Bedford and Elk Counties did not report values for the 2014 report and their figures shown are from 2013.

*** Cumulative Percentage is a measure of the proportion of time the positions in each classification are eligible to be funded for due to being devoted to Adult Probation and Parole Services. Each position is given a score between 1 and 100 equal to the percentage of its work that is devoted to Adult Probation and Parole Services. These scores are summed for all positions in that county to give a total score.**
