The Department provides the following programs and specialized services:

- **Collection of Court-Ordered Fines, Costs, Restitution and Act 35 Offender Supervision Fees** – The Department collects all Court-ordered Fines, Costs, Restitution, and Act 35 Supervision Fees from offenders. As a result, collections have increased. The Department’s Office Manager and Secretary are primarily responsible for collecting this money; however, the Department has begun using private collection enforcement agencies. Staff ensures that offenders have paid all financial obligations prior to their maximum date of supervision. When this does not occur, revocation proceedings are initiated against offenders by the Department.

- **Intermediate Punishment (IP) Program** - This Program offers a sentencing alternative for Level 3 and Level 4 Sentencing Guideline Offenders convicted of Driving Under the Influence (DUI).

- **Specialized Sexual Offender Caseload** – One (1) adult probation officer is assigned all sexual offenders. The Department has implemented standardized “Sexual Offender Conditions,” which are issued to all sexual offenders. The Department works closely with agencies specializing in the treatment of sexual offenders. The assigned adult probation officer, also, attends sexual offender trainings offered through the Sexual Offenders Assessment Board (SOAB) and other training sources to remain up-to-date on current supervision techniques.
